As a Resident Engineer/Construction Manager you will be working on projects ranging from complex DOT projects to smaller locally funded municipal and county projects. Specific tasks will include:

- Providing Resident Engineer/Technician services on complex municipal and county highway department projects.
- Managing less experienced construction staff assigned to smaller municipal and county highway department projects including providing technical support, assisting in issue resolution, reviewing documentation, etc.
- Coordinating daily staffing on multiple projects.
- Coordinating with clients.
- Assisting Office Manager scope projects and develop engineering agreements.
- Reviewing construction plans during design process.
- Conducting pre-construction meetings.
- Attending project weekly coordination meetings.
- Training less experienced staff

SPECIFIC REQUIREMENTS

The specific requirements for the position include:

- Bachelor's Degree from an accredited Civil Engineering program or Construction Management Program
